

Portfolio Website for WDW

A screenshot of a web browser showing a portfolio website. The URL in the address bar is 127.0.0.1:3000/index.html. The page has a dark header with the title "Ayush.dev". Below the header is a circular profile picture of a man with a green border. To the right of the profile picture is a navigation menu with links: Home, About, Skills, Projects, and Contact. The main content area features a large heading "Hello, I'm Ayush Singh" in bold black font. Below the heading is a subtitle in blue: "Aspiring AI/ML Engineer | Bridging Code and Intelligence". At the bottom of the main content area is a blue banner with the text "B.Tech 1st Year | KIET Group of Institutions, Ghaziabad | Computer Science". A small purple speech bubble icon is visible on the right side of the main content area.

A screenshot of a web browser showing the "About Me" section of the portfolio website. The URL in the address bar is 127.0.0.1:3000/index.html. The page has a dark header with the title "Ayush.dev". Below the header is a blue banner with the text "B.Tech 1st Year | KIET Group of Institutions, Ghaziabad | Computer Science Engineering (Artificial Intelligence & Machine Learning)". A green button labeled "View My Work" is centered below the banner. The main content area features a heading "About Me" in blue. Below the heading is a paragraph of text: "I am a highly motivated 1st-year B.Tech student at KIET Group of Institutions, Ghaziabad specializing in CSE with a focus on Artificial Intelligence and Machine Learning. My journey in tech began with a curiosity for problem-solving, starting with foundational concepts in C. Currently, I am actively expanding my skills by learning Java and Android development, aiming to build functional mobile applications. I also". A small purple speech bubble icon is visible on the right side of the main content area.

Ayush.dev

Home About Skills Projects Contact

Java and Android development, aiming to build functional mobile applications. I also have a foundational knowledge of **Python** and **basic web development**. Looking ahead, I am keenly interested in the potential of **Blockchain technology** and how it can intersect with both AI/ML and mobile development to create secure, innovative, and decentralized solutions. Outside of coding, I enjoy playing chess and reading about technology trends.

College Specialization: **Computer Science Engineering (AI & ML)** at KIET Group of Institutions, Ghaziabad

Technical Skills

Core Programming & Logic

- C (Foundational knowledge)
- Python (Basic scripting,

Mobile & Web Development

- Learning Java & Android Development (Primary focus)

Emerging Tech Focus

- AI/ML Basics (Foundational concepts)

}

/* Line Color Matching Card Border Color */
.project-card-child(1) .project-link { background-color: var(--primary-blue); }
.project-card-child(1) .project-link:hover { background-color: #ff0000; }
```

A screenshot of the Microsoft Visual Studio Code (VS Code) interface. The main area shows a code editor with a large amount of CSS code. The sidebar on the left displays the 'EXPLORER' view, which includes a tree view of files like index.html, style.css, and project-card.html. The bottom of the screen features a taskbar with icons for file operations, a search bar, and a status bar indicating the current file is 'index.html' at line 37, column 13, with 4038 lines of code.

```

color: var(--text-on-dark);
}

/* Link Color Matching Card Border color */
.project-card-with-child1() .project-link { background-color: var(--primary-blue); }
.project-card-with-child1() .project-link:hover { background-color: #0066bb; }

.project-card-with-child2() .project-link { background-color: var(--secondary-green); }
.project-card-with-child2() .project-link:hover { background-color: #1a764a; }

.project-card-with-child3() .project-link {
background-color: var(--tertiary-yellow);
color: var(--secondary-dark); /* dark text for light button */
}
.project-card-with-child3() .project-link:hover {
background-color: #e6f2ff;
color: var(--text-on-dark);
}

.project-card-with-child4() .project-link { background-color: var(--muted-red); }
.project-card-with-child4() .project-link:hover { background-color: #e82331; }
```

```
/*
5. CONTACT SECTION
*/
#contact {
background-color: var(--text-on-dark);
}

.contact-content {
width: 600px;
margin: 0 auto;
}

.contact-intro {
width: 100%;
```

The screenshot shows the Microsoft Visual Studio Code (VS Code) interface. The main area displays a block of CSS code for a contact section. The code includes styles for container elements, contact sections, contact content, contact intro, contact form labels, and various input and textarea fields. It uses variables like `--text-on-dark` and `--primary-blue`. The sidebar on the left shows the file structure with files like `index.html`, `style.css`, and `script.js`. The status bar at the bottom provides information about the current file (Line 97, Col 15), the terminal (Spacebar 4), and the port (Port 8000). The taskbar at the bottom features icons for File Explorer, Search, Taskbar, and Task View.
